

TEMPORARY SHUTDOWN OF SERVICE NOTIFICATION

On Tuesday, January 16, 2018 in front of 4 Greenwood Hill ST.; 26 Mill River ST.; and, 9 and 17 West Main ST. from 7AM to 5PM there will be a temporary disruption of traffic while rehabilitation of the sewer in this area is completed.

We will be installing a liner through the existing sewer in order to repair this line. You will be without service for approximately 8 hours. During that period, we ask that you limit the use of your toilets and also the following items:

THE SHUTDOWN PROCEDURES YOU SHOULD FOLLOW ON THE DAY OF THE SHUTDOWN ARE:

- 1.) DO NOT USE WASHING MACHINES OR DISHWASHERS.**
- 2.) PLEASE LIMIT SINK AND SHOWER/BATH USAGE TO A MINIMUM.**
- 3.) COVER ALL DRAINS (KITCHEN SINK, BATHROOM SINK, BATHTUB, LAUNDRY DRAIN, ETC.) WITH POTS AND PANS, AS A REMINDER OF SHUTOFF UNTIL OUR EQUIPMENT HAS LEFT THE SITE.**

FAILURE TO FOLLOW THESE RESTRICTIONS CAN DAMAGE THE SEWER IMPROVEMENTS INSTALLED AND COULD RESULT IN BACKUPS INTO YOUR LINE.

During some phases of the operation you may detect an odor. Odors are most likely to occur in buildings with dry or non-existent traps. In most cases, odors can be minimized by pouring several gallons of water down your unused plumbing fixtures (sinks, showers, toilets etc.) and basement floor drains, and then open windows to ventilate.

Please note that if you have sump pumps or yard drains connected to the lateral, these are illegal connections and must be removed. Since your lateral will be closed off, a sump pump or other such illegal connection could cause a backup into your home and damage the sewer repairs being installed.

If you have any questions or concerns, please do not hesitate to ask the site supervisor or crew Foreman at the job site.

Supervisor: Gary Horwedel
Contact #: 518-937-0499

Thank you for your cooperation.
