

Visitor Safety & Conduct

Welcome to the Stamford Water Pollution Control Authority!

We are the municipal wastewater treatment plant servicing the City of Stamford and the Town of Darien in CT. We take pride in being stewards of the environment and protecting a valuable natural resource: *water*.

As part of our stewardship, we offer educational programs to over 1000 visitors from all across the region each year. The wastewater treatment plant is a very busy work site and is manned for 24/7 operation. Visitors are welcome; however, awareness and caution must be employed at all times to ensure their safety and the safety and respect of our employees.

We hope you enjoy your visit. Your safety and educational experience are of utmost importance to us. In order to ensure that mission, your cooperation and observance of the following guidelines is required:

- All visitors under the age of 18 must be accompanied/chaperoned by adults.
- Be considerate of your presenters & tour guides and other WPCA employees.
- Please keep your voices down while in the Administration Building as people are working throughout the building.
- For the tour, you are required to wear a hard hat/bump cap at all times.
- Parents and chaperones must be in control of their children at all times.
- Staff of the WPCA should not be expected to control or discipline visitors.
- Please listen to the presenters with respect and obey tour guides' directions.
- Stay with your group; do not go anywhere unless directed by a tour guide.
- Proper dress code is enforced: no open-toed or soft soled shoes, sandals, or high heels. Sneakers, sturdy shoes, or boots and long pants are preferred. Jackets are encouraged as it is often windy here.

Know the No's:

- No Running - there are many trip hazards to be aware of
- No Climbing - this includes railings, walls and tanks
- No Littering - Please Recycle! or use trash cans
- No Touching - the equipment (or picking up items or rocks – yuk!!)

We have so much information to share with you!
We want you to get the most out of your visit...and safely.
Thank you in advance for your cooperation!

Stamford WPCA and Lab/Tour Staff ☺
